www.balancequestpuzzle.com

Complete a **Balance Quest** small puzzle by filling in the empty boxes with positive and negative numbers in a way that balances the sums between all values in the grid.

*Sample Puzzle:*

## Puzzle Rules:

1. The value in each white box equals the sum of its adjoining half-height boxes (see examples within the dashed bubbles at top)
2. The shaded boxes include all numbers from -8 through 8, except 0.
3. No duplicate numbers may exist among the white boxes, or among the shaded boxes, but duplicate numbers may exist between the white and shaded boxes.

*Please use a Pencil with an eraser.*
